

## HELP : I'VE BEEN HIT BY A CAR

### Take photos with a camera-phone ASAP! Get pictures of:

- The vehicle, the license plate, and the driver who hit the bike
- Witness and witnesses license plates
- Damage to the bike and bike rider
- (If you don't have a camera, write the information down)

### Call 911

- If you're injured, you think they're intoxicated, or feel that the situation may get out of control (angry driver). If in doubt call 911

### Get an accident report from the police (take photo of officer)

- Demand that the police issue a ticket to the driver.
- Ask the police to test the driver with the "Breathalyzer"
- If a ticket isn't issued, ask "why not?"

### Get drivers address, license number, and insurance

- Make sure that you have a photo of the driver!

### Get witness contact information

- Take photos of witnesses

### Call a personal injury attorney of your choice, or

- Parsons, Ringsmuth, and Zelenock (800) 336-1353 in Traverse City

### Take your bicycle in for an insurance estimate

Documentation is your best friend. You don't have to have insurance, to receive compensation from their insurance company.
